GOVERNMENT CODE
SECTION 910-913.2

910. A claim shall be presented by the claimant or by a person acting on his or her behalf and shall show all of the following:

- (a) The name and post office address of the claimant.
- (b) The post office address to which the person presenting the claim desires notices to be sent.
- (c) The date, place and other circumstances of the occurrence or transaction which gave rise to the claim asserted.
- (d) A general description of the indebtedness, obligation, injury, damage or loss incurred so far as it may be known at the time of presentation of the claim.
- (e) The name or names of the public employee or employees causing the injury, damage, or loss, if known.
- (f) The amount claimed if it totals less than ten thousand dollars (\$10,000) as of the date of presentation of the claim, including the estimated amount of any prospective injury, damage, or loss, insofar as it may be known at the time of the presentation of the claim, together with the basis of computation of the amount claimed. If the amount claimed exceeds ten thousand dollars (\$10,000), no dollar amount shall be included in the claim. However, it shall indicate whether the claim would be a limited civil case.

910.2. The claim shall be signed by the claimant or by some person on his behalf. Claims against local public entities for supplies, materials, equipment or services need not be signed by the claimant or on his behalf if presented on a billhead or invoice regularly used in the conduct of the business of the claimant.

910.4. The board shall provide forms specifying the information to be contained in claims against the state or a judicial branch entity. The person presenting a claim shall use the form in order that his or her claim is deemed in conformity with Sections 910 and 910.2. A claim may be returned to the person if it was not presented using the form. Any claim returned to a person may be resubmitted using the appropriate form.

910.6. (a) A claim may be amended at any time before the expiration of the period designated in Section 911.2 or before final action thereon is taken by the board, whichever is later, if the claim as amended relates to the same transaction or occurrence which gave rise to the original claim. The amendment shall be considered a part of the original claim for all purposes.

(b) A failure or refusal to amend a claim, whether or not notice of insufficiency is given under Section 910.8, shall not constitute a defense to any action brought upon the cause of action for which the claim was presented if the court finds that the claim as presented complied substantially with Sections 910 and 910.2 or a form provided

under Section 910.4.

910.8. If, in the opinion of the board or the person designated by it, a claim as presented fails to comply substantially with the requirements of Sections 910 and 910.2, or with the requirements of a form provided under Section 910.4 if a claim is presented pursuant thereto, the board or the person may, at any time within 20 days after the claim is presented, give written notice of its insufficiency, stating with particularity the defects or omissions therein. The notice shall be given in the manner prescribed by Section 915.4. The board may not take action on the claim for a period of 15 days after the notice is given.

911. Any defense as to the sufficiency of the claim based upon a defect or omission in the claim as presented is waived by failure to give notice of insufficiency with respect to the defect or omission as provided in Section 910.8, except that no notice need be given and no waiver shall result when the claim as presented fails to state either an address to which the person presenting the claim desires notices to be sent or an address of the claimant.

911.2. (a) A claim relating to a cause of action for death or for injury to person or to personal property or growing crops shall be presented as provided in Article 2 (commencing with Section 915) not later than six months after the accrual of the cause of action. A claim relating to any other cause of action shall be presented as provided in Article 2 (commencing with Section 915) not later than one year after the accrual of the cause of action.

(b) For purposes of determining whether a claim was commenced within the period provided by law, the date the claim was presented to the California Victim Compensation and **Government** Claims Board is one of the following:

(1) The date the claim is submitted with a twenty-five dollar (\$25) filing fee.

(2) If a fee waiver is granted, the date the claim was submitted with the affidavit requesting the fee waiver.

(3) If a fee waiver is denied, the date the claim was submitted with the affidavit requesting the fee waiver, provided the filing fee is paid to the board within 10 calendar days of the mailing of the notice of the denial of the fee waiver.

911.3. (a) When a claim that is required by Section 911.2 to be presented not later than six months after accrual of the cause of action is presented after such time without the application provided in Section 911.4, the board or other person designated by it may, at any time within 45 days after the claim is presented, give written notice to the person presenting the claim that the claim was not filed timely and that it is being returned without further action. The notice shall be in substantially the following form:

"The claim you presented to the (insert title of board or officer) on (indicate date) is being returned because it was not presented within six months after the event or occurrence as required by law.

911.6. (a) The board shall grant or deny the application within 45 days after it is presented to the board. The claimant and the board may extend the period within which the board is required to act on the application by written agreement made before the expiration of the period.

(b) The board shall grant the application where one or more of the following is applicable:

(2) The person who sustained the alleged injury, damage or loss was a minor during all of the time specified in Section 911.2 for the presentation of the claim.

(3) The person who sustained the alleged injury, damage or loss was physically or mentally incapacitated during all of the time specified in Section 911.2 for the presentation of the claim and by reason of such disability failed to present a claim during such time.

(4) The person who sustained the alleged injury, damage or loss died before the expiration of the time specified in Section 911.2 for the presentation of the claim.

(c) If the board fails or refuses to act on an application within the time prescribed by this section, the application shall be deemed to have been denied on the 45th day or, if the period within which the board is required to act is extended by agreement pursuant to this section, the last day of the period specified in the agreement.

911.8. (a) Written notice of the board's action upon the application shall be given in the manner prescribed by Section 915.4.

(b) If the application is denied, the notice shall include a warning in substantially the following form:

See **Government Code** Section 946.6. Such petition must be filed with the court within six (6) months from the date your application for leave to present a late claim was denied.

"You may seek the advice of an attorney of your choice in connection with this matter. If you desire to consult an attorney, you should do so immediately."

912.2. If an application for leave to present a claim is granted by the board pursuant to Section 911.6, the claim shall be deemed to have been presented to the board upon the day that leave to present the claim is granted.

912.4. (a) The board shall act on a claim in the manner provided in

(b) The board shall grant the application where one or more of the following is applicable:

(1) The failure to present the claim was through mistake, inadvertence, surprise or excusable neglect and the public entity was not prejudiced in its defense of the claim by the failure to present the claim within the time specified in Section 911.2.

(2) The person who sustained the alleged injury, damage or loss was a minor during all of the time specified in Section 911.2 for the presentation of the claim.

(3) The person who sustained the alleged injury, damage or loss was physically or mentally incapacitated during all of the time specified in Section 911.2 for the presentation of the claim and by reason of such disability failed to present a claim during such time.

(4) The person who sustained the alleged injury, damage or loss died before the expiration of the time specified in Section 911.2 for the presentation of the claim.

(c) If the board fails or refuses to act on an application within the time prescribed by this section, the application shall be deemed to have been denied on the 45th day or, if the period within which the board is required to act is extended by agreement pursuant to this section, the last day of the period specified in the agreement.

911.8. (a) Written notice of the board's action upon the application shall be given in the manner prescribed by Section 915.4.

(b) If the application is denied, the notice shall include a warning in substantially the following form:

"WARNING

"If you wish to file a court action on this matter, you must first petition the appropriate court for an order relieving you from the provisions of Government Code Section 945.4 (claims presentation requirement). See Government Code Section 946.6. Such petition must be filed with the court within six (6) months from the date your application for leave to present a late claim was denied.

"You may seek the advice of an attorney of your choice in connection with this matter. If you desire to consult an attorney, you should do so immediately."

912.2. If an application for leave to present a claim is granted by the board pursuant to Section 911.6, the claim shall be deemed to have been presented to the board upon the day that leave to present the claim is granted.

912.4. (a) The board shall act on a claim in the manner provided in

Section 912.6, 912.7, or 912.8 within 45 days after the claim has been presented. If a claim is amended, the board shall act on the amended claim within 45 days after the amended claim is presented.

(b) The claimant and the board may extend the period within which the board is required to act on the claim by written agreement made either:

(1) Before the expiration of the period.

(2) After the expiration of the period if an action based on the claim has not been commenced and is not yet barred by the period of limitations provided in Section 945.6.

(c) If the board fails or refuses to act on a claim within the time prescribed by this section, the claim shall be deemed to have been rejected by the board on the last day of the period within which the board was required to act upon the claim. If the period within which the board is required to act is extended by agreement pursuant to this section, the last day of the period within which the board is required to act shall be the last day of the period specified in the agreement.

912.6. (a) In the case of a claim against a local public entity, the board may act on a claim in one of the following ways:

(1) If the board finds the claim is not a proper charge against the public entity, it shall reject the claim.

(2) If the board finds the claim is a proper charge against the public entity and is for an amount justly due, it shall allow the claim.

(3) If the board finds the claim is a proper charge against the public entity but is for an amount greater than is justly due, it shall either reject the claim or allow it in the amount justly due and reject it as to the balance.

(4) If legal liability of the public entity or the amount justly due is disputed, the board may reject the claim or may compromise the claim.

(b) In the case of a claim against a local public entity, if the board allows the claim in whole or in part or compromises the claim, it may require the claimant, if the claimant accepts the amount allowed or offered to settle the claim, to accept it in settlement of the entire claim.

(c) Subject to subdivision (b), the local public entity shall pay the amount allowed on the claim or in compromise of the claim in the same manner as if the claimant had obtained a final judgment against the local public entity for that amount, but the claim may be paid in not exceeding 10 equal annual installments as provided in Section 970.6 only if the claimant agrees in writing to that method of payment and in such case no court order authorizing installment payments is required. If an agreement for payment of the claim in installments is made, the local public entity, in its discretion, may prepay any one or more installments or any part of an installment.

912.7. The Judicial Council shall act on a claim against a judicial branch entity or judge of one of those entities in accordance with the procedure that the Judicial Council provides by rule of court. The Judicial Council may authorize any committee of the Judicial Council or employee of the Administrative Office of the Courts to perform the functions of the Judicial Council under this part.

EXHIBIT 19

912.8. Except as provided in Section 912.7, in the case of claims against the state, the board shall act on claims in accordance with that procedure as the board, by rule, may prescribe. It may hear evidence for and against the claims and, with the approval of the Governor, report to the Legislature those facts and recommendations concerning the claims as it deems proper. In making recommendations, the board may state and use any official or personal knowledge that any member may have regarding any claim. The board may authorize any employee of the state to perform the functions of the board under this part as are prescribed by the board.

913. (a) Written notice of the action taken under Section 912.6, 912.7, or 912.8 or the inaction which is deemed rejection under Section 912.4 shall be given in the manner prescribed by Section 915.4. The notice may be in substantially the following form:

"Notice is hereby given that the claim which you presented to the (insert title of board or officer) on (indicate date) was (indicate whether rejected, allowed, allowed in the amount of \$____ and rejected as to the balance, rejected by operation of law, or other appropriate language, whichever is applicable) on (indicate date of action or rejection by operation of law)."

(b) If the claim is rejected in whole or in part, the notice required by subdivision (a) shall include a warning in substantially the following form:

"WARNING

"Subject to certain exceptions, you have only six (6) months from the date this notice was personally delivered or deposited in the mail to file a court action on this claim. See **Government Code** Section 945.6.

"You may seek the advice of an attorney of your choice in connection with this matter. If you desire to consult an attorney, you should do so immediately."

913.2. The board may, in its discretion, within the time prescribed by Section 945.6 for commencing an action on the claim, re-examine a previously rejected claim in order to consider a settlement of the claim.

SECTION 945-949

945. A public entity may sue and be sued.

945.2. Except as otherwise provided by law, the rules of practice in civil actions apply to actions brought against public entities.

945.3. No person charged by indictment, information, complaint, or other accusatory pleading charging a criminal offense may bring a civil action for money or damages against a peace officer or the public entity employing a peace officer based upon conduct of the peace officer relating to the offense for which the accused is charged, including an act or omission in investigating or reporting the offense or arresting or detaining the accused, while the charges against the accused are pending before a superior court.

Any applicable statute of limitations for filing and prosecuting these actions shall be tolled during the period that the charges are pending before a superior court.

For the purposes of this section, charges pending before a superior court do not include appeals or criminal proceedings diverted pursuant to Chapter 2.5 (commencing with Section 1000), Chapter 2.6 (commencing with Section 1000.6), Chapter 2.7 (commencing with Section 1001), Chapter 2.8 (commencing with Section 1001.20), or Chapter 2.9 (commencing with Section 1001.50) of Title 6 of Part 2 of the Penal Code.

Nothing in this section shall prohibit the filing of a claim with the board of a public entity, and this section shall not extend the time within which a claim is required to be presented pursuant to Section 911.2.

945.4. Except as provided in Sections 946.4 and 946.6, no suit for money or damages may be brought against a public entity on a cause of action for which a claim is required to be presented in accordance with Chapter 1 (commencing with Section 900) and Chapter 2 (commencing with Section 910) of Part 3 of this division until a written claim therefor has been presented to the public entity and has been acted upon by the board, or has been deemed to have been rejected by the board, in accordance with Chapters 1 and 2 of Part 3 of this division.

945.6. (a) Except as provided in Sections 946.4 and 946.6 and subject to subdivision (b), any suit brought against a public entity on a cause of action for which a claim is required to be presented in accordance with Chapter 1 (commencing with Section 900) and Chapter 2 (commencing with Section 910) of Part 3 of this division must be commenced:

(1) If written notice is given in accordance with Section 913, not later than six months after the date such notice is personally delivered or deposited in the mail.

(2) If written notice is not given in accordance with Section 913, within two years from the accrual of the cause of action. If the period within which the public entity is required to act is extended pursuant to subdivision (b) of Section 912.4, the period of such extension is not part of the time limited for the commencement of the action under this paragraph.

(b) When a person is unable to commence a suit on a cause of action described in subdivision (a) within the time prescribed in that subdivision because he has been sentenced to imprisonment in a state prison, the time limit for the commencement of such suit is extended to six months after the date that the civil right to commence such action is restored to such person, except that the time shall not be extended if the public entity establishes that the plaintiff failed to make a reasonable effort to commence the suit, or to obtain a restoration of his civil right to do so, before the expiration of the time prescribed in subdivision (a).

(c) A person sentenced to imprisonment in a state prison may not commence a suit on a cause of action described in subdivision (a) unless he presented a claim in accordance with Chapter 1 (commencing with Section 900) and Chapter 2 (commencing with Section 910) of Part 3 of this division.

945.8. Except where a different statute of limitations is specifically applicable to the public entity, and except as provided in Sections 930.6 and 935, any action against a public entity upon a cause of action for which a claim is not required to be presented in accordance with Chapter 1 (commencing with Section 900) and Chapter 2 (commencing with Section 910) of Part 3 of this division must be commenced within the time prescribed by the statute of limitations that would be applicable if the action were brought against a defendant other than a public entity.

946. Where a claim that is required to be presented to a public entity in accordance with Chapter 1 (commencing with Section 900) and Chapter 2 (commencing with Section 910) of Part 3 of this division is so presented and action thereon is taken by the board:

(a) If the claim is allowed in full and the claimant accepts the amount allowed, no suit may be maintained on any part of the cause of action to which the claim relates.

(b) If the claim is allowed in part and the claimant accepts the amount allowed, no suit may be maintained on that part of the cause of action which is represented by the allowed portion of the claim.

(c) If the claim is allowed in part, no suit may be maintained on any portion of the cause of action where, pursuant to a requirement of the board to such effect, the claimant has accepted the amount allowed in settlement of the entire claim.

946.4. (a) Where provision is made by or pursuant to law that no suit may be brought against a public agency as defined in Section 53050 unless and until a claim is presented to the agency, the failure to present a claim does not constitute a bar or defense to the maintenance of a suit against such public agency if, during the 70 days immediately following the accrual of the cause of action:

945.3. No person charged by indictment, information, complaint, or other accusatory pleading charging a criminal offense may bring a civil action for money or damages against a peace officer or the public entity employing a peace officer based upon conduct of the peace officer relating to the offense for which the accused is charged, including an act or omission in investigating or reporting the offense or arresting or detaining the accused, while the charges against the accused are pending before a superior court.

Any applicable statute of limitations for filing and prosecuting these actions shall be tolled during the period that the charges are pending before a superior court.

For the purposes of this section, charges pending before a superior court do not include appeals or criminal proceedings diverted pursuant to Chapter 2.5 (commencing with Section 1000), Chapter 2.6 (commencing with Section 1000.6), Chapter 2.7 (commencing with Section 1001), Chapter 2.8 (commencing with Section 1001.20), or Chapter 2.9 (commencing with Section 1001.50) of Title 6 of Part 2 of the Penal Code.

Nothing in this section shall prohibit the filing of a claim with the board of a public entity, and this section shall not extend the time within which a claim is required to be presented pursuant to Section 911.2.

945.4. Except as provided in Sections 946.4 and 946.6, no suit for money or damages may be brought against a public entity on a cause of action for which a claim is required to be presented in accordance with Chapter 1 (commencing with Section 900) and Chapter 2 (commencing with Section 910) of Part 3 of this division until a written claim therefor has been presented to the public entity and has been acted upon by the board, or has been deemed to have been rejected by the board, in accordance with Chapters 1 and 2 of Part 3 of this division.

945.6. (a) Except as provided in Sections 946.4 and 946.6 and subject to subdivision (b), any suit brought against a public entity on a cause of action for which a claim is required to be presented in accordance with Chapter 1 (commencing with Section 900) and Chapter 2 (commencing with Section 910) of Part 3 of this division must be commenced:

(1) If written notice is given in accordance with Section 913, not later than six months after the date such notice is personally delivered or deposited in the mail.

(2) If written notice is not given in accordance with Section 913, within two years from the accrual of the cause of action. If the period within which the public entity is required to act is extended pursuant to subdivision (b) of Section 912.4, the period of such extension is not part of the time limited for the commencement of the action under this paragraph.

(b) When a person is unable to commence a suit on a cause of action described in subdivision (a) within the time prescribed in that subdivision because he has been sentenced to imprisonment in a state prison, the time limit for the commencement of such suit is extended to six months after the date that the civil right to commence such action is restored to such person, except that the time shall not be extended if the public entity establishes that the plaintiff failed to make a reasonable effort to commence the suit, or to obtain a restoration of his civil right to do so, before the expiration of the time prescribed in subdivision (a).

(c) A person sentenced to imprisonment in a state prison may not commence a suit on a cause of action described in subdivision (a) unless he presented a claim in accordance with Chapter 1 (commencing with Section 900) and Chapter 2 (commencing with Section 910) of Part 3 of this division.

945.8. Except where a different statute of limitations is specifically applicable to the public entity, and except as provided in Sections 930.6 and 935, any action against a public entity upon a cause of action for which a claim is not required to be presented in accordance with Chapter 1 (commencing with Section 900) and Chapter 2 (commencing with Section 910) of Part 3 of this division must be commenced within the time prescribed by the statute of limitations that would be applicable if the action were brought against a defendant other than a public entity.

946. Where a claim that is required to be presented to a public entity in accordance with Chapter 1 (commencing with Section 900) and Chapter 2 (commencing with Section 910) of Part 3 of this division is so presented and action thereon is taken by the board:

(a) If the claim is allowed in full and the claimant accepts the amount allowed, no suit may be maintained on any part of the cause of action to which the claim relates.

(b) If the claim is allowed in part and the claimant accepts the amount allowed, no suit may be maintained on that part of the cause of action which is represented by the allowed portion of the claim.

(c) If the claim is allowed in part, no suit may be maintained on any portion of the cause of action where, pursuant to a requirement of the board to such effect, the claimant has accepted the amount allowed in settlement of the entire claim.

946.4. (a) Where provision is made by or pursuant to law that no suit may be brought against a public agency as defined in Section 53050 unless and until a claim is presented to the agency, the failure to present a claim does not constitute a bar or defense to the maintenance of a suit against such public agency if, during the 70 days immediately following the accrual of the cause of action:

- (1) The discontinuance of use of the land for a *mobilehome park* or *mobilehome* spaces will not deprive the community of a needed facility;
 - (2) The discontinuance of use of the land for a *mobilehome park* or *mobilehome* spaces, because of the associated relocation plan and

conditions that have been applied to the discontinuance, will not be detrimental to the public health, safety, and welfare of persons living in the *mobilehome park*; and

- (3) The use to which the *applicant* proposes to put the property will provide a greater public benefit than continued use of the property as a *mobilehome park* or *mobilehome* spaces.

- (2) The *development* will not be inconsistent with the purpose of the underlying zone;

- (3) Any proposed deviations are appropriate for this location and will result in a more desirable project than would be achieved if designed in strict conformance with the development regulations of the applicable zone.

(n) Supplemental Findings - *Condominium Conversions*

A Site Development Permit required in accordance with Section 144.0509, because of potential impacts to the surrounding neighborhood, may be approved or conditionally approved only if the decision maker makes either of the following supplemental *findings* in addition to the *findings* in Section 126.0404 (a):

Division 1: General Rules

("General Rules" added 3-27-2007 by O-19594 N.S.; effective 4-26-2007.)

§1517.0101 Purpose and Intent

The purpose of the Otay Mesa Development District Ordinance is to create and promote the development of the City's largest and potentially most significant industrial area. It is also the purpose of the Otay Mesa Development District Ordinance to control the use, development intensity, and development design of a primarily industrial area which includes a large commercial subdistrict and a border station mixed use subdistrict. An objective of the Otay Mesa Development District Ordinance is to expedite the processing of development permit applications.

It is intended that this District will provide for a full range of industrial uses emphasizing base sector manufacturing and also including wholesaling and distribution, assembly operations, and necessary support services. Because of its location adjacent to the international border, its accessibility to Mexico, and its abundance of large, readily developable parcels, Otay Mesa is a unique area. It has the potential of becoming a major industrial center, not only in San Diego County, but also in the southwestern United States. It is situated near, and accessible to the Mesa de Otay industrial complex in Tijuana B.C., Mexico. It is intended that the Otay Mesa Development District provide the necessary facilities and services to complement the Otay Mesa border crossing. It is also intended that the Otay Mesa Development District Ordinance provide commercial use types necessary to support both the industrial area and the border crossing.

The Otay Mesa Development District Ordinance provides for, and encourages, agricultural activities as an interim use throughout its area of applicability.
("Purpose and Intent" added 3-27-2007 by O-19594 N.S.; effective 4-26-2007.)

§1517.0102 Area of Applicability

The regulations contained in this Development District Ordinance, shall apply in the Otay Mesa Development District, the boundaries of which are shown on Map Drawing No. C-855 and described in the appended boundary description filed in the office of the City Clerk under Document No. OO-17985. Blackwater opens San Diego training center

By Allison Hoffman
ASSOCIATED PRESS

1:59 a.m. June 6, 2008

SAN DIEGO — A new counterterrorism training facility operated by military security contractor Blackwater Worldwide echoed with the grunts of Navy sailors, a day after a federal judge ordered the city to let classes begin.

The 24 trainees batted and punched each other Thursday as they learned basic strike tactics in a corner of the 61,000-square-foot converted warehouse in an industrial area near the U.S.-Mexico border.

For the next three weeks, they'll practice shooting inside a 25-yard indoor firing range and learn to wear sidearms safely while wriggling through ship hatches and up narrow ladders installed in white metal cargo containers stacked along one wall of the building to simulate a ship. Trainers from Blackwater will quiz them on distinguishing small boats carrying cargo from those carrying bombs.

The company sued last month because city officials refused to issue final occupancy documents without a vote by the planning commission, after building inspectors had already signed off on the necessary permits. Blackwater said it faced a Navy contract deadline and accused the city of caving to political pressure.

The company has been targeted by anti-war activists and Rep. Bob Filner, D-Calif., who opposed its proposed training camp for law enforcement in a remote mountain community east of San Diego. That project was dropped after firing ranges failed to satisfy noise restrictions, but Filner and others have raised concerns that Blackwater is simply seeking a foothold near the border that could serve as a base for providing private migrant or drug interdiction services to federal agencies.

Blackwater insists the warehouse was built to provide the Navy's "ship reaction force basic" training course as part of a \$400 million contract. The program is part of an initiative to train sailors in counterterrorist defense tactics after the 2000 bombing of the USS Cole in a Yemeni port.

"This facility supports our oldest customer," said company Vice President Brian Bonfiglio, referring to the military.

Blackwater trains sailors from East Coast bases at its headquarters in Moyock, N.C., where it offers an advanced course using model ships floating in a private lake. It developed the California warehouse to offer the introductory program to sailors from San Diego, Guam, Japan and other Pacific bases.

Bonfiglio acknowledged that Blackwater would gladly host other agencies, including the Border Patrol or Coast Guard, at the warehouse, located in an unmarked building within sight of the border fence and the Tijuana airport control tower beyond.

"If we had a bunch of Border Patrol vehicles parked outside, they'd accuse us of trying to take over the border," he said, only half-joking. "But I'd open up our doors to any law enforcement that needed training, if

I could do it."

The company has been expanding its domestic law enforcement training business, opening an 80-acre police training center in Mount Carroll, Ill., in 2007 to complement its 7,000-acre complex in North Carolina.

At the same time, Blackwater, the largest private security firm in Iraq, has come under increased scrutiny for its work abroad. Its guards are under investigation by a federal grand jury in Washington for their involvement in the shooting deaths of 17 Iraqi civilians. The company is also under investigation for possible weapons smuggling, allegations Blackwater denies.

Democratic activist Raymond Lutz said those inquiries can't be ignored when it comes to Blackwater's domestic operations.

"To put training in the hands of private profiteers means that you're giving up your ability to oversee what they're doing and when you give it up you lose control," Lutz said. "Why doesn't the Navy train its own people?"

Bonfiglio said his five trainers offer students a depth of counterterrorism experience the Navy couldn't match without pulling its own experts from other duties.

"What we do overseas needs to be separated from what we do in the United States," he said. "Here we put all of our effort into developing training facilities that are unmatched."

The pride of the facility is the mock warship area, where shipping containers are outfitted with red lights to simulate an onboard emergency and speakers blare clanking background noise during exercises.

On Thursday, workers were reinforcing a maze of wooden walls appended to the cargo containers at the request of city inspectors, who are still reviewing Blackwater's application to use the simulated ship area under an amusement-park ride permit, Bonfiglio said.

City lawyers said the company misled inspectors by applying for permits piecemeal and under the names of affiliated companies instead of making a single application to open a training center with firearms. District Court Judge Marilyn Huff ruled Wednesday that the company did not need to seek special approval because the area is already zoned for vocational school use.

The city has not said whether it will appeal.
